

To Access Cengage Unlimited with a VitalSource Code

1. Navigate to <https://www.vitalsource.com> (You may also redeem codes through Canvas if your instructor has the Bookshelf module.)
2. Select **Sign In (Blue Square in image below)** in the top right corner of the site. You will need to register an account using your school email.
3. Once an account is registered you may redeem your code by clicking **Redeem (Yellow Oval in image below)** in the top right corner and entering the code you were provided.
4. Follow any on-screen instructions to finalize your redemption.
5. You may access your books anytime by returning to **Bookshelf (Red Rectangle in image below)** on the same web page.

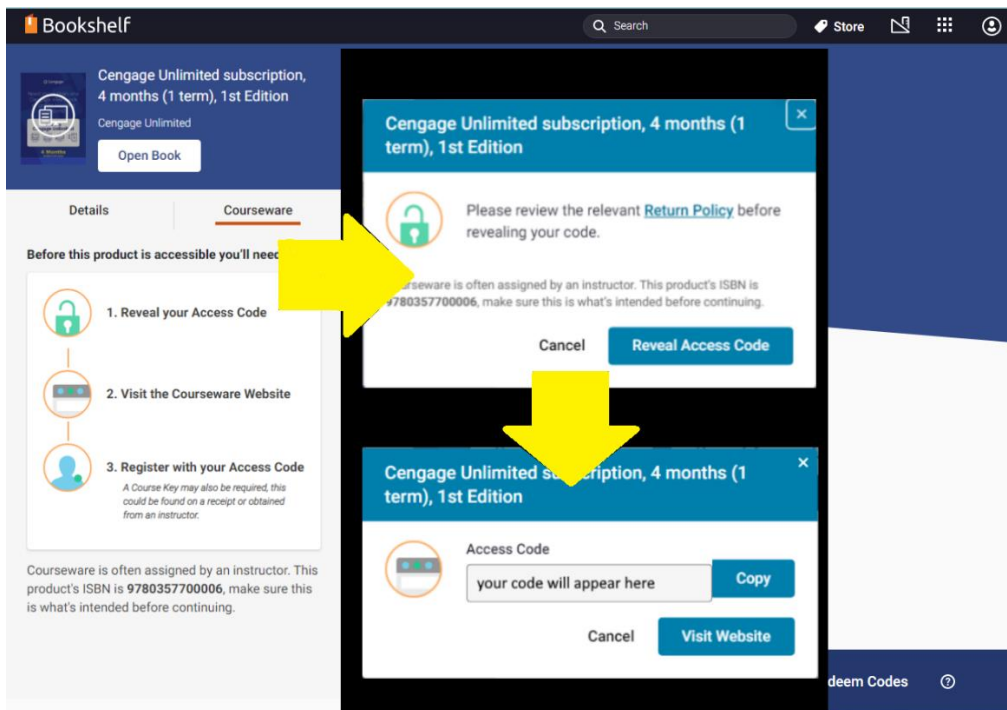

6. Once you have registered your book on VitalSource, click on your **Bookshelf**. **(Red Rectangle in image above)**
7. Then click the book you just purchased. In this case **Cengage Unlimited**.
8. To receive your Cengage Unlimited code, click either **Reveal Access Card** or the White Computer Icon if you are hovering your mouse cursor over the book. **See first image below.**

In the event you do not see a **Reveal Access** button or you clicked Continue Reading and only see the cover page of the book. You should see a notification popup that says "This item contains an access code. Click **here** to reveal." **See second image below.**

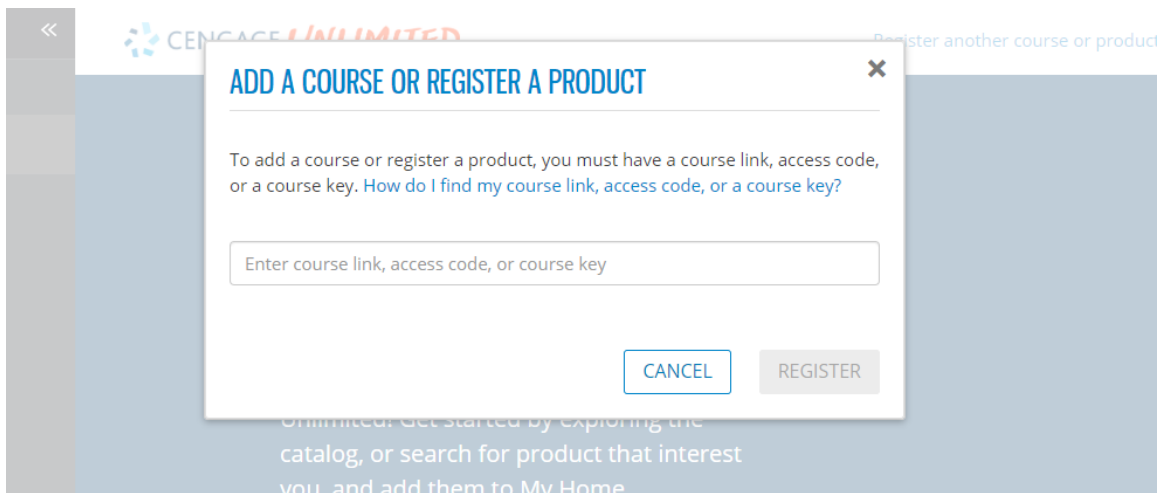

9. On the Popup now located on the right side of the screen, hit the continue button until you finally receive your secondary code. **See sequence of images below.**

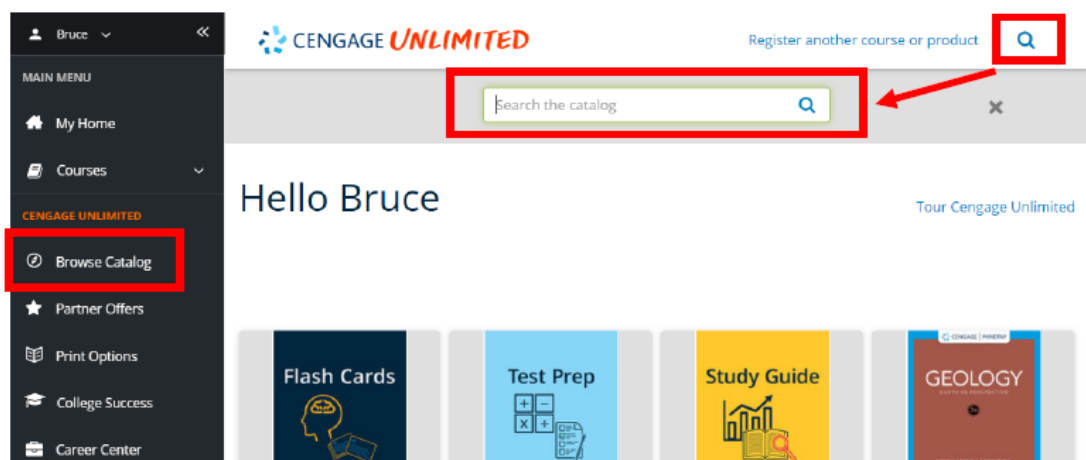

10. At this point you may be redirected to Cengage's website to redeem this second code. Otherwise go to Cengage.com to sign in or create an account using your SCC email.

11. Once logged in, click **Register another course or product** in the upper right-hand corner.

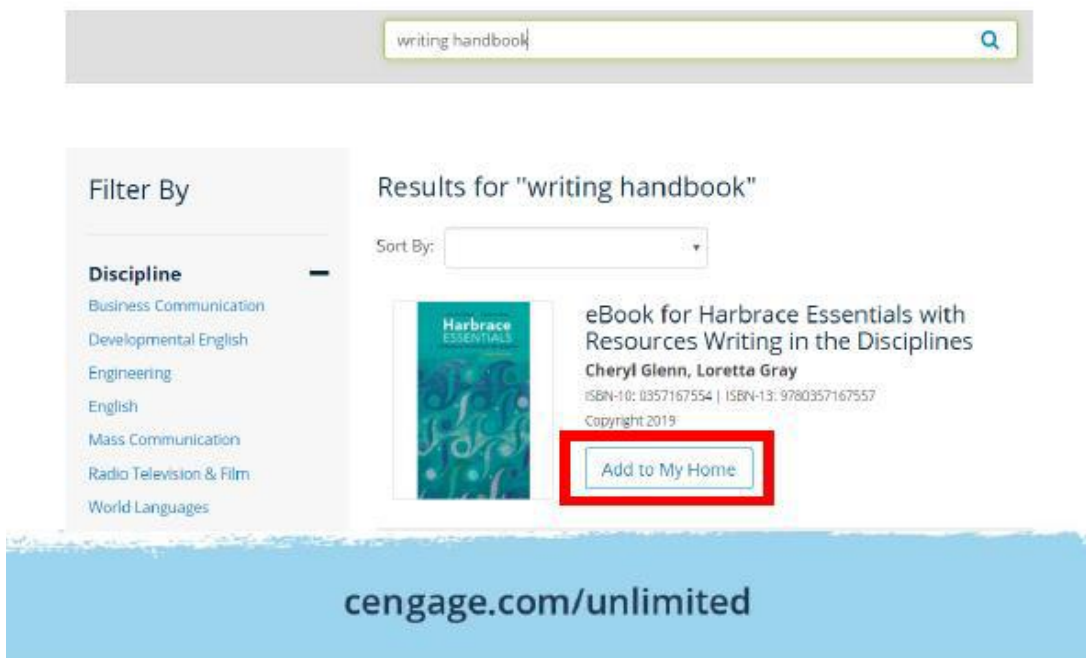

12. Once you've successfully registered your access code, click continue to go to the Cengage Unlimited Dashboard.

13. From the dashboard, click the magnifying glass in the upper right-hand corner or "Browse Catalog" in the left-hand navigation menu to search the catalog. You can search by ISBN, title or author.

14. Once you have found the online textbook you want to add, click "Add to My Home."

15. Finally if you are adding a MindTap you will need a course key provided by your instructor. You can use the register another course or product screen or use the “Find and add your courses” button directly from your dashboard.
